## Trees & Utilities National Conference 2006 Crowne Plaza O'Hare April 10-12, 2006

The Trees & Utilities National Conference is an important educational event in the utility arboriculture industry. Topics will include public education and communication, utility/community cooperation, tree planting and care and other vegetation management issues. This conference mixes education, networking and collaboration as we move toward new ideas, practices and partnerships that enhance the growth and maintenance of the community forest while providing safe, reliable utility services.

Although the agenda has not yet been released, we are currently taking registrations for the 2006 Trees & Utilities National Conference. Visit [www.arborday.org/TUconference](http://www.arborday.org/TUconference) or call the conference department at 888-448-7337 to register. A complete agenda will be posted soon.

You can also make your lodging reservation by visiting [www.chi-ohare.crowneplaza.com](http://www.chi-ohare.crowneplaza.com) or calling 888-642-7344. Be sure to reference the code TRE to receive the conference rate of \$109 per night.

In cooperation with  
The Utility Arborist Association
