

CALL FOR NOMINATIONS

You Have A Voice In the Utility Arborist Association – Please Use It!

Officers and Directors

Every year at this time, UAA asks the membership to submit nominations for Officers and a Director. The officers are the people who steer the course of the Utility Arborist Association. Please let your voice be heard by nominating yourself or someone else you feel would serve our organization. UAA is our organization, but we can each get out of it only what we put into it. Positions open for nominations are Vice-President and Director. Both positions serve for three years. Vice-President is the President the next year. His or her final year is served as the Past-President.

Please send your nominations to: Derek Vannice at dvannice@isa-arbor.com or Jim Orr at jimorr@asplundh.com. Nominations are due no later than May 1.

UAA Awards

The UAA Awards have become a very special part of our organization. Award recipients are peer-nominated and chosen which makes the honor even more significant. Make a difference in someone's professional life – nominate them for one of these awards.

The *Utility Arborist Award* is presented to an individual who has made a significant contribution to the field of utility arboriculture.

The *Educational Award* honors an individual who has added to the knowledge and practices of the utility arborist.

The *Lifetime Achievement Award* recognizes the person who has reached many milestones during his/her career as a utility arborist.

To nominate someone, please email your nominations to Jim Orr at jimorr@asplundh.com. Nominations are due no later than May 1.
